

ROMEO & JULIET

A 60-MINUTE ADAPTATION
IN CONTEMPORARY ENGLISH

BEDFORD YOUNG THEATRE

MADRID TOUR · DECEMBER 2026

THE PRODUCTION

A new, condensed 60-minute version of Shakespeare's Romeo & Juliet, performed entirely in English for young audiences learning English as a second language.

A highly visual production, combining live acting and large-scale projections to capture the essence of the drama with clarity, energy and emotion.

Part thriller, part first love story, Romeo & Juliet speaks directly to teenagers through its urgency, passion and unforgettable characters.

An international theatrical experience for both the British actors performing in Madrid and the young audiences discovering Shakespeare on stage.
